

# Basic Layouts

Need a step and repeat or banner and have no idea where to start? No problem, our designers can create a layout for you with your logos.

Please send us your vector logos, text, and high resolution images that you would like us to use. We will work with you to create the look you want, up to 5 proofs.

\$49.95

These layouts have a few logos or elements only.

**\*Need to make more changes but you have already received 5 proofs?**  
No worries! For an additional \$40, you will get up to 5 more proofs.

# Creative Design

Need a more dynamic and striking design? You got it, our designers are top notch. They will work with you until you have just the look you desire.

What if I don't have high resolution images or vector logos for you to use? Send us what you have and we will enhance your images or convert your logos for you\*.

\$40/half hour

\*Logo redesign and image adjustments are subject to a \$40 fee.

Any creation of logos/designs will be yours to keep should you need the files for other projects.

**What the heck is a vector logo?** A vector is a piece of art that can be edited or scaled to any size and it will not lose quality. Vector files end in **.ai, .eps, .pdf or .svg**.

**How do I know if the image is high resolution?** A high resolution image is at least 150 dpi or ppi (dots per inch or pixels per inch) when it is full size.

**Unsure if your files are ok for print?** Send them over to us and we will let you know!
